Dress Rehearsal The Story of Dieppe By Quentin Reynolds

Here is the second instalment of "Dress Rehearsal" by the noted war correspondent Quentin Reynolds. This book is a stirring eyewitness account of the raid at Dieppe—the first all-land-sea performance in the European theatre of war.—EDITOR.

Chapter I—Continued

Neither of my pals wanted the responsibility of arranging for me to see the Boss. Actually, their hesitancy was typical of the discipline, the esprit de corps and the mental attitude of Mountbatten's staff. Each man was trained to mind his own business and not to encroach on some one else's domain. Each man was absolutely schooled to secrecy. Neither Lawrence nor Fairbanks, nor any of the other staff members, ever said anything to me about the activities of Combined Operations that the German Gestapo couldn't have listened to without learning a thing. Mountbatten had the quality of making his men into images of himself. Security—security—that was drummed into them until they must have heard the word in their dreams. The result justified their caution—to date no word ever got around of any advance Commando operation.

QUENTIN REYNOLDS

Mountbatten lives up to advance notices. He doesn't let you down when you meet him. So many heroes do. Mountbatten is tall, with pale-blue eyes and a wide mouth, that smiles readily, but which can tighten into a thin, unsmiling, straight line. Let's consider the career of this amazing man for a moment. He figures more prominently each day. He will figure very prominently in any future offensive operations taken by the United Nations in the European theatre of war. In his lifetime he has become a legend in the Royal Navy and among the people of Britain. And yet he started life with two strikes on him; he had practically all the cards stacked against him. He had too many rich relatives of royal blood.

Beautiful Tune—To Play on Tiaras

Assiduous readers of the society pages were quite familiar with the name of Mountbatten long before the war. Little of what they read would have led them to believe that he might emerge as Public Hero No. 1 in any war. Mountbatten's pedigree practically drips with royal lineage. His

The Northern Alberta sales had increased to \$3,674,100 at the end of the fourth day of the campaign. This was 25.8 per cent of the \$12,768,000 quota for the district. Total sales for Alberta in the four days was \$5,216,100 out of a \$33,000,000 quota.

At the close of business on the fourth day of the Victory Loan campaign in Edmonton, the total sales amounted to \$3,674,100, or 28.2 per cent of the \$12,768,000 quota for the district. This amount was purchased by 2,064 subscribers. Sales on Thursday amounted to \$2,064,000 with 717 purchasers participating in the day's business. An episode packed with drama and suspense.

Deaths of the submarine were first announced by Navy Minister Angus L. Macdonald early in February.

WASHINGTON, April 30.—(AP)—The United States has recalled its consular general from Martinique and abrogated all agreements with Admiral Georges Robert, French high commissioner in the Caribbean.

State Secretary Hull announced today that in a note handed to Robert before the departure of the consular general the high commissioner was notified that in view of his attitude the United States would have to consider him a traitor of the Hitler regime which has enslaved his French homeland.

The language of the note, strong though it was, leaves Robert still a chance of reconsidering his attitude and coming in on the side of the United Nations as French Guinea, formerly under his control in the Caribbean, has done.

"BOUND TO FRANCE"
Only Martinique and the less important island of Guadeloupe, now are under Admiral Robert, who recently told the Associated Press that he still felt bound to France having been appointed by the republic before he fell.

At Martinique he several immobilized French warships, including the aircraft carrier Bearn, the cruiser Emile Berte and the training cruiser Jeanne d'Arc.

These are said to have been so effectively stripped of armaments by agreement with the United States, however, that even if he wished, Robert could not put them to use in service against the United Nations.

Food shipments from the United States to the island, famed in history as the birthplace of Napoleon, were stopped after he took over Nov. 8. The conclusion drawn at the time this was announced, in March, was that the United States was weary of Robert's attitude and he could get his groceries elsewhere.

CONANT NOT IN RUNNING

Four Contest Leadership Of Ontario Liberal Party As "Darkhorse" Withdraws

TORONTO, April 30.—(CP)—Charles Cox of Port Arthur, winner of the race for leadership of the Ontario Liberal party today, a little more than two hours after his surprise nomination. His withdrawal left four men to contest the position.

Mr. Cox, mayor of Port Arthur and member of the legislature for that constituency, announced his withdrawal after Lt.-Col. Harry S. Hamilton, chairman, read the names of the five men for whom nominations had been filed.

The other four are Harry C. Nixon, M.P. for Brant and former provincial secretary; Hon. T. B. MacGill, Ontario attorney general; Arthur W. Roebuck, Liberal M.P. for Toronto Trinity and former Ontario attorney general; and Walter C. Thomas of Toronto.

NEW PREMIER ASSURED
Indication of a more unified front was given by the fact that whatever the result of the convention, Ontario will have a new premier.

Premier Gordon Connors was forced to refer to the leadership race this morning due to sudden illness, leaving the field open for a contest.

Mr. Conant is suffering from nervous and physical exhaustion. He is expected to return to his home in the United States.

The announcement was made by Lt.-Col. Harry S. Hamilton, convention chairman.

Dr. R. F. Farquharson, who attended the party, said he required a complete rest "for some time."

CHANCE FOR MILITANCY
The convention last night heard a call for more militant attitude on the part of the organization.

Conference Decides: Large-Scale Evacuation Of Refugees Impossible

By RICHARD G. MASSOCK

HAMILTON, Buda, April 29.—(AP)—The Anglo-American refugee conference announced yesterday it had agreed "on a number of concrete recommendations" for the "relief of a substantial number of refugees of all races and nationalities" in Axis-dominated countries.

A conference statement, released after the joint report was signed in a closing ceremony, said recommendations the delegates will make to their respective governments "must remain confidential," but the report is understood to include these points:

1.—Large-scale evacuation of Jews and other oppressed peoples from occupied Europe is out of the question because of the difficulty of negotiating with the enemy and because of transportation difficulties.

2.—Temporary relocation in Africa of some 80,000 refugees from neutral countries until the end of the war permits a return to their homelands.

3.—Provision for feeding and caring for refugees in neutral countries through an international governmental committee, which eventually would be expanded to a permanent relief agency, possibly including Spain and Portugal.

"The delegates also agreed on recommendations regarding the form of inter-governmental organization which was best fitted in their opinion, to handle the problem in the future," the statement said. "This organization would have to be flexible enough to permit it to conduct without prejudice any new factors that might come to its attention."

The conference also could be ascertained accepted Palestine and United States immigration restrictions from discussion on the

THE ELGIN...

The trend of modern architecture and interior decoration has demanded smaller, space-saving pianos. Heintzman designers have developed these new pianos, bearing in mind two major principles:

1.—Possessing powerful yet light actions and producing an astonishing volume of pure balanced tone.

2.—Small sized pianos that are beautiful pieces of furniture. It is these new small pianos that have re-awakened interest in piano music. Full rich tone from the new sounding board and bridge construction. Greater construction of piano, constructed. Direct-horn action gives even more power and delicacy of touch. Wide range of new and delightful decorative finishes to blend harmoniously with all types of room furnishings.

Canada's Now Third Largest Trading Nation

VANCOUVER, April 29.—(CP)—

Canada now is doing the greatest export business in its history and the Dominion's export position is "little short of incredible," says J. MacKinnon, minister of trade and commerce, said here last night.

Speaking at the annual meeting of the British Columbia division of the Canadian Manufacturers' Association, Mr. MacKinnon said 1942 exports left all previous records far behind and this new high level of export business is being carried forward during the present year.

THIRD GREATEST

Mr. MacKinnon said Canada now is the third largest trading nation in the world and he emphasized the country's post-war welfare depends to an important extent on ability to find world markets for its products.

Referring to Britain's Beveridge plan and Canada's March plan, the minister asserted "all these programs of social security, when it is possible to fully proceed with them, will never prosper within a country if markets for its goods abroad are shrinking."

Mr. MacKinnon said the great potential markets for Canada's products are in the Far East, China, the Caribbean countries and Central and South America.

Referring to the Canadian post-war trade, Mr. MacKinnon reported that in some parts of the world Canadian goods are being sold in quantities that are being refused to send samples of their goods and are particularly prompt in handling correspondence dealing with trade negotiations.

GOODS STRAID

On the other hand, he continued, he found in the same countries that Canadian goods enjoyed a reputation of being high standard and of excellent quality.

He said that a great fleet of steel cargo ships is being built for the Canadian navy and that the extent to which these ships can be sent to Canada in post-war trading will be a great thought is necessary but the whole question is being given most careful consideration.

Referring to the services of Canada's merchant marine, he said there are more than 30,000 Canadian seamen serving in the navy of Canada and that 400 of these men have been lost at sea through enemy action.

Referring to British Columbia's wartime industries, Mr. MacKinnon said that there might have been a wider distribution of Canadian goods in the world but that is another story.

FOUR CONTEST
Leadership of
Ont. Liberals

Continued from Page One

At the opening sitting Mr. Richardson said the Liberal party was not organized during the war and should stop neglecting it.

Mr. MacKinnon said leaders of other parties had been stumping the country while Liberal leaders were engaged in stern tasks of carrying on the war, unable to bid for popularity by fostering grievances.

PRESERVE PRINCIPLES

The great underlying principle of Liberalism must not be permitted to become dormant in our national life through lack of expression," he said.

At the dinner Mr. MacKinnon said he sought neither to appease nor interfere, but in a personal capacity wished to ask his friends and acquaintances to forget differences and disappointments and to pledge their loyalty and support to a program of fighting, halting Liberalism.

Sinking of Axis Sub by Corvette Full of Drama

ous merchantmen in the convoys.

Referring to the sinking of the British destroyer with the convoy came up late and close by the sub surfaced, out of control. Unaware of its intentions and taking no chances, the British ship opened fire at point blank range with 4.7 guns and lighter armament.

Two hits on the conning tower, and at least on the hull of the sub were scored. Travelling at high speed and ready for another depth charge attack, or for ramming, the Port Arthur circled the scene, screening the British ship in case another raider would appear.

The Royal Navy vessel picked up Italian survivors who had been "beaten" under the hail of steel and shot, and who had lost no time in getting away from the ship.

FEW ANXIOUS MOMENTS

There were a few anxious moments as the attack was being made, however. The Port Arthur, for course, on the U-boat hunt, took her directly into the bow of the enemy. The boat was slow, and slower in altering course.

The corvette, with speed up for the attack, clung tenaciously to the quarry—running head on towards the convoys—dropped her charges at the right moment and swung hard away. Moments later the merchantmen made a grandstand view of the end of the raider.

There was another tense moment after the raider broke the surface. As the sub's nose lifted, her four torpedo tubes were pointed directly at the British ship.

The U-boat was slow, and slower in altering course.

Moscow Recalls Envoy to U.S. For Conference

WASHINGTON, April 30.—(AP)—

Soviet Ambassador Maxim Litvinov has been recalled from Washington for consultation and will leave within the next few days, a Soviet embassy spokesman said last night.

the Third Victory Loan when 1,227,000 bonds were made for a total of \$286,000.

SPECIAL NAMES

In the special names section the following purchases were made Thursday: Province of Alberta, \$1,500,000; City of Edmonton, \$250,000; and the Teachers' Pension Fund Board of Trustees, \$75,000.

It was announced Friday that the Edmonton Rotary Club had decided to invest all its surplus funds in the Fourth Victory Loan; this will mean an investment of approximately \$300,000 by the club.

One of the features of Thursday's campaign was the success of the newly formed group of several committees. This group was set up to ensure all firms employing from five to 25 workers. It raised Thursday produced 182 purchasers for a total of \$24,200. The group is under the chairmanship of R. M. "Ditty" Moore.

OTHER PURCHASES

The loan committee announced also that the H. Ashdown Branches Ltd., Winnipeg, with branches at Regina, Saskatoon, Calgary and Edmonton, had contributed \$400,000 to the loan. This subscription covers all these branches.

Another Winnipeg firm, the National Grain Co., subscribed \$400,000 covering all its elevators in western Canada.

Generosity of city businessmen has made it possible for every woman bond purchaser resident in Edmonton or vicinity to be eligible for a Victory Loan drive to be held towards the end of the campaign. R. E. Staples, city campaign chairman, announced yesterday.

DONATE BONDS

Mr. Staples stated that a number of city businessmen offered to donate a number of \$50 Victory Bonds, probably 24, to be given away to lucky winners. Twelve of the bonds will be given to women and the other twelve to men or women of the armed services.

Her to how this huge contest will work. Each and every woman purchased of a bond in this campaign will be given a ticket with a number on it. As she receives this ticket she will submit the name of a man or woman in the armed services in Canada or overseas as her bond partner. The name will be entered on the stub of her ticket.

SEVERAL DRAWS

At the conclusion of the campaign a number of draws will be held, with each winner the recipient of a \$50 bond donated by a city business firm.

Mr. Staples stated that women who have already made purchases for the campaign, arrangements will be made whereby they will be made sponsored by a partner named to the Victory Loan office in the near future. The contest is being sponsored by a number of city businessmen working in close

The Bulletin's SPORTS

SPORTS EDITOR

LOOKS as if the golfers out at the Highlands Club will be the first to commence serious swinging this season, for the annual President versus Vice-President competition is scheduled to get underway on Sunday morning at 9 o'clock with a total of 72 players competing.

President of the Highlands this year is E. Wood and J. S. Marshall is vice-president. The latter is also captain and the starter for Sunday's P. Olympe. Tennis enthusiasts in the city have also made an early start this year. Civil Service Club held an organization meeting as time ago, naming Stuart Harris as president and Helen Carr secretary. Seona Club has also started operations. Vivienne Morris was elected president at the recent annual meeting and Beryl Mergweather is secretary.

WEST'S PRESTIGE IS MAINTAINED

What happened in these eastern cities (and there were several in the west) who never gave the Winnipeg Rangers even an outside chance to keep up with Ottawa Generals. Apparently the Manitoba boys kept up western Canada's reputation for turning out only teams emphasizing speed. The Winnipeggers simply skated the Generals into the water and every game. They did it even in the two they lost. Even in the two they lost, they were in the third period of the last game when they held a three-point lead, they kept the Generals from scoring until the end of the game. They were in the third period of the last game when they held a three-point lead, they kept the Generals from scoring until the end of the game.

And incidentally the victory for the Winnipeg club makes both Saskatchewan Quakers and Edmonton Canadians look mighty good. By

Proves He's Good as Ever

BOSTON, April 30.—(AP)—New York Yankees got tangled up in a 12-inning game with the Red Sox Thursday. Yankees hammered across four runs in the 12th to win 7-3. Lind Ethen and Johnny Lindell each drove in three runs including a pair apiece in the final frame for the Yanks.

Al Simmons hit two singles, scoring Boston's run in the seventh and eighth. He also made all three putouts in left field in the seventh, made seven in the game and started a double play.

South Chandler started on the mound for the Yanks and held them to one run in the ninth.

Yankees loaded the bases twice and Ethen and Lindell each singled two.

Trainers Getting Lots of Laughs From Count Fleet

By SID FEDER

LOUISVILLE, Ky., April 30.—(AP)—Ten of the 11 trainers of hopefuls in Saturday's Kentucky Derby may be afraid of Count Fleet, but they're having a lot of laughs getting scared.

Naturally, Big Dan Cameron, ex-University of California athlete, who has the pleasure of handling Count Fleet, is getting the chief share of the gas.

An eight-foot-high wire enclosure around Count Fleet's barn has provided the material for a couple of the better cracks. For instance, Jack Hodgins, who trains Amber Light, walked over to Don's stall shortly after the Count arrived.

"I've been in the stable, I won't even war with the President. I'm going to put out right after the Count's stall and put it in front of Big Swords. We'll show you who's the best horse."

As usual, the turf writers have composed a series of paragraphs around the various horses and figures connected with the derby.

They made up one—not very flattering—of the Count's stall and put it in front of Big Swords. We'll show you who's the best horse."

District News in Brief

Officials Quit Dawson Creek's "Chaotic" State

DAWSON CREEK.—Because they felt that owing to the chaotic state of affairs brought about by the large influx of population it was impossible for them to carry on the village commissioners and the village secretary handed in their resignations at the regular monthly meeting.

In normal times when every businessman has leisure time at his disposal he could afford to give some of his time to civic affairs but now with every person's time completely taken up with business it was impossible, it was stated.

In addition to this with the high rate of wages being paid, and the shortage of labor it was impossible to keep up the village requirements, and streets, sidewalks and taxes were getting into a state of disrepair, they stated. The revenue collected this year would only amount to \$4,700, which was not sufficient to pay a man to run civic affairs.

DEPUTY MINISTER ADDRESSES MEETING

The three most distressing features about Dawson Creek are lack of water, lack of sewage disposal and the dust, in the opinion of E. H. Bridgman, deputy minister of municipal affairs of British Columbia who was a recent visitor here when he addressed a special meeting. Chairman was C. E. Shaver, head of the Dawson Creek Chamber of Commerce.

Mr. Bridgman came to Dawson Creek at the request of G. E. Braden, M.L.A., when all the civic officials resigned at Dawson Creek after stating that they could not carry on under present conditions. Suggestions that Dawson Creek

should seek incorporation as a city did not find favor with Mr. Bridgman.

The visitor strongly advised the people of the village and those in the two subdivisions to co-operate which he felt sure would result in improvements. He advised that three councillors be appointed for the balance of the term replacing those who had resigned and stated that he was recommending that K. Aspel, G. Kitson and E. J. Spinnecoe be appointed by an order-in-council.

To Rocky Mountain House

At the regular board of trade meeting a pen and pencil set was forwarded to R. G. Williams, for five years secretary of the board, in appreciation of his services, especially during the campaign to raise funds for the missionary hospital here, the highway greening campaign and the fight against the C.P.R. abandonment application. Accompanying the gift was a letter signed by all the members. Mr. Williams, school principal here for six years, is now with the C.P.R. department of natural resources and stationed at Indian Head, Sask.

should be no great trouble in arranging for stand pipes as soon as the pipe line being built by contractors reached the village. He strongly advised the installation of a complete water system and thought it might be accomplished by the residents absorbing a greater part of the necessary bonds.

The sewage system could not be put into effect yet, he believed, due to the difficulty in getting plumbing supplies. It should be, however, one of the first post-war projects. The dust situation was a serious menace and it was to be hoped that some arrangements could be made to at least sprinke the streets. He further suggested stringent traffic laws.

Also advisability of co-operation both with Americans and by the subdivisions joining up with the town. He pointed out that the village's present size of 85 acres was far too small and that by taking in the rest of the populated area it would be nearly 300 acres which was much more reasonable.

He is survived by his wife and four sons, three at home, and Vernon with the army.

The accompanying map was prepared from one appearing in a publication of the British Information Service and shows the territory in Russia which the Germans plan to hold and exploit in perpetuity. The boundaries of the Reichskommissariat or German Province of Southwestern Russia drawn here were taken from a German publication. It will be noted that the Germans have already been driven back pretty close to the border of this rich economic storehouse which they intended to claim for their own and from which they badly need to maintain their languishing war economy.

Refugees Are Discussed by Rotary Speaker

"Refugees in Canada," was the title of an address given at the MacDonald hotel on Thursday by Miss Constance Haywood, executive secretary of the Canadian National Committee on Refugees. Her knowledge of refugees in Canada dated from 1938, she said, but flight from the persecution of the Germans had been going on for years earlier. European refugees in Canada today, she continued, include people of all faiths.

The Canadian National Committee on Refugees has begun and received the backing of church organizations. "We could not be true to democracy and not help those refugees," said the speaker, adding that there was an economic advantage in helping them. In 1938, she said, Canada looked like heaven to them, but the refugees thought it useless coming here if they had no money.

COME ON MERITS

"Every man comes here on his own merits," said Miss Haywood, "not because of the money." Immigration regulations had to be changed, every city was investigated. There was no need to worry about the bona fides of any refugee who came here, she added. Miss Haywood told her listeners that many of the refugees brought special knowledge or machinery with them, many things are made here which were previously imported.

Among the things mentioned were flax and paprika processing plants, glass making, a European formula for curing pork, Czech stonemasons who carry on work in British Columbia forests. Many of their plants, continued the speaker, are making war supplies, precision instruments. One shoe manufacturer made his own shoemaking machinery. About 200 Polish engineers are in Canada, she added.

Canada lost many wonderful opportunities between 1934 and 1939 because of its immigration laws, said the speaker, who told how Britain is reaping the benefit from the 50,000 to 60,000 refugees that were taken in before war broke out. Refugees in Canada want to stay here, she declared. "They want to become Canadians."

VISITORS PRESENT

Walter McDonald was chairman for the day. Thirteen visitors attended. The club will purchase \$5,000 worth of Victory Bonds, the board authorized and announced at the luncheon.

Before Magistrate

She had left the farm on which her mother lived when she was 15 years old, Dorothy Deville, charged with vagrancy, told Magistrate A. J. Miller, K.C., in city police court Friday. She had lived in Edmonton three times, staying with relatives and friends, but not having any share of about \$400. She was told by Magistrate Miller that the trouble with her was that she hadn't been slapped early enough in life, and sentenced her to 90 days in jail. The accused, evidently several police officers showed, had not been working, had no visible means of support. Accused stated she would work if she could get the kind of work she liked. Mr. Miller stated that there were lots of jobs if she had wanted one.

Charles Demko, charged with assault by striking Will Samis, whose sister was found guilty of assault \$10 and costs or 14 days, and told to leave his bawling somewhere else than in this city. The man arose after the complainant had tried to enter the bathroom in the hotel when another person was inside.

Magistrate Harold Hare, K.C., extended several bits of paternal advice to one of the younger offenders of the law who appeared before him Thursday afternoon. Of 14 cases on the docket, all but two dealt with infractions of the Motor Vehicle Act. Jerome Kradt was fined \$2 and costs or five days for operating a vehicle without a license. A similar fine was made on Krulak, Karet for the same offense. Walter A. Lavoie, charged with assault on Andrew Anderson, also, on charges of driving without a license, were each fined \$2 and costs or five days.

Paul driving earned fines of \$5 and costs or seven days for Henry N. Thompson, \$10 and costs or 15 days for John J. Hall and William Collins, \$10 and costs or 14 days for K. N. Mo.

Paul Dabals did not carry his name on the side of his car, which offense he was assessed \$10 and costs or 15 days while a summer fine was made on Leo Van Leusen for operating a truck wider than was legal. Frank Westcott operated his truck outside of city limits when he was licensed to operate only within the city limits. He was found guilty and fined \$5 and costs or seven days.

Mike Miller was charged with permitting his cattle, night cow and a bull, to stray on the highway. The bull chased a little white dog. Court was told, and a neighbor who went after the animal also found himself in difficulties. The accused was given a warning and fined \$5 and costs or seven days.

Victory Loan Is 'Going Over' in Country Areas

For the third successive day the Waskanan-Peaking district has held the lead on a quota basis in the Northern Alberta section of the Victory Loan campaign, and on Thursday had increased the sale of bonds to \$24,300, or 607 per cent of the district's quota of \$4,000.

In second place on a quota basis was Hardisty with \$12,000 out of a quota of \$28,000 for a percentage of 42.1, closely followed by Edmonton with sales amounting to \$15,900 of a \$35,000 quota, or 45.4 of the objective.

Hughenden was in fourth place with sales of \$11,100, for a quota percentage of 39.6, and St. Paul-Bonnyville in fifth with a sale total of \$12,300 out of a quota of \$30,000. The percentage in this division was 35.8 and sales on Thursday were double those of the previous two days to bring the district from 18th place to fifth in the standings.

The Juniper-Lloydminster division, in actual division sales, is leading in northern Alberta with 28.5 of the district's quota achieved. This division, under the leadership of its respective members, included the districts of Innisfree, Marwayne, Clondalton, Vermilion and Lloydminster, of which districts are in the top 14 on an individual quota basis.
